

EARTHWAY

2170 Commercial Broadcast Spreader

■ Capacity: 45kg W/ Pneumatic Tires

This contractor grade spreader provides an accurate and even spread pattern for all types of material. With a heavy-duty gearbox, the 2170 is a must have for your contractor crews, rental fleet, or if you are that person who seeks quality tools that last a lifetime.

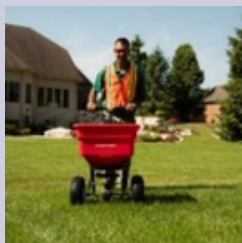

45 kg rust-proof poly hopper and heavy-duty epoxy powder coated diamond chassis

Three-position adjustable handles for operators of all heights.

Easy and customizable pre steps to fit your home.

FEATURES

- **PATENTED SIDE SPREAD CONTROL:** Our new innovative design allowed us to eliminate side deflectors. This design feature protects your flowerbeds and sidewalks by allowing you to control the spread pattern.
- **EVEN-SPREAD:** The EarthWay three-hole drop system measures 50% of the fertiliser to left and right of centerline to achieve an accurate application rate.
- **MAXIMUM QUALITY:** Professional grade pneumatic 13" tires, oversized steel frame, and a heavy-duty gearbox delivers performance.
- **CAPACITY & ERGONOMICS:** 45kg capacity hopper attached to a sturdy tube steel frame with an adjustable length handle for taller operators.
